Dear Mr. Patel:

The Illinois Environmental Protection Agency (Illinois EPA) has reviewed the Corrective Action Plan (plan) submitted for the above-referenced incident. This plan, dated June 16, 2009, was received by the Illinois EPA on June 23, 2009. Citations in this letter are from the Environmental Protection Act (Act), as amended by Public Act 92-0554 on June 24, 2002, and 35 Illinois Administrative Code (35 Ill. Adm. Code).

The Illinois EPA requires modification of the plan; therefore, the plan is conditionally approved with the Illinois EPA's modifications. The following modifications are necessary, in addition to those provisions already outlined in the plan, to demonstrate compliance with Title XVI of the Act (Sections 57.7(b)(2) and 57.7(c) of the Act and 35 Ill. Adm. Code 734.505(b) and 734.510(a)):

1. Within 3 months of the date of this letter an Amended Corrective Action Plan must be submitted to the Illinois EPA that addresses the groundwater contamination located off site in Osage Park. The results of the additional sampling in Osage Park must also be provided in this plan.
2. A map of the extraction wells with their respective radius of influence must be provided to ensure adequate coverage of the proposed remediation system.
3. During the 2 years of the operation of the remediation system only monitoring wells that exhibit contamination above the applicable remediation objective, recovery wells RW-1 through RW-10, and the four wells in Osage Park should be monitored on a quarterly bases.

Please note that all activities associated with the remediation of this release proposed in the plan must be executed in accordance with all applicable regulatory and statutory requirements, including compliance with the proper permits. In an effort to ensure that the proposed alternative

NOTE: Pursuant to Section 57.8(a)(5) of the Act, if payment from the Fund will be sought for any additional costs that may be incurred as a result of the Illinois EPA's modifications, an amended budget must be submitted. Amended plans and/or budgets must be submitted and approved prior to the issuance of a No Further Remediation (NFR) Letter. Costs associated with a plan or budget that have not been approved prior to the issuance of an NFR Letter will not be paid from the Fund.
